The purpose of this policy is to:

- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including victims, bystanders and perpetrators)

YRSDS acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

SCOPE

This policy applies to all school activities, including camps and excursions.

This policy should be read in conjunction with our school's Student Wellbeing and Engagement Policy, Inclusion and Diversity Policy, Duty of Care Policy and Statement of Values and School Philosophy.

POLICY

Definitions

Bullying occurs when someone, or a group of people, deliberately and repeatedly upset, harass, intimidate, threaten or hurt another person or damage their property, reputation or social acceptance. There is an imbalance of power in incidents of bullying, where the bully or bullies have more power than the victim due to their age, size, status or other reasons.

Bullying may be direct or indirect, physical or verbal, and includes cyberbullying. Bullying is not a one-off disagreement between two or more people or a situation of mutual dislike.

Bullying can be:

1. *direct physical bullying* – e.g. hitting, tripping, and pushing or damaging property.
2. *direct verbal bullying* – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect bullying* – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile phone, tablets, computers, chat rooms, email, social media, etc. It can be verbal, written or include use of images, video and/or audio.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of harassment, nastiness or physical aggression are not the same as bullying. If someone is verbally abused or pushed on one occasion, they are not being bullied. Harassment, nastiness or physical aggression that is directed towards many different people is not the same as bullying. However, single episodes of harassment, nastiness or physical aggression are not acceptable behaviours at our school.

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing behaviours of concern are encouraged to report their concerns to school staff.

 - SoSAFE! forming the basis of a whole school approach to teaching social skills, including understanding relationships, appropriate behaviour and protective behaviours.

- Using the SWPBS framework and school document, 'Promoting Responsible Behaviours'
- Modelling and Promotion of the school values.

When Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with teachers, family welfare coordinator, SSS, Assistant Principal.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, YRSDS will consider:

- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the perpetrator student or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the perpetrator demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation.

YRSDS may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the victim student or students, including referral to Family Welfare coordinator, SSS, external provider.
- Offer counselling support to the perpetrator student or students, including referral Family Welfare coordinator, SSS, external provider.
- Offer counselling support to affected students, including witnesses and/or friends of the victim student, including referral to Family Welfare coordinator, SSS, external provider.
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan restricting contact between victim and perpetrator students.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.

YRSDS is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

YRSDS understands the importance of monitoring the progress of students who have been involved in or affected by bullying behaviour. Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students reporting concerning behaviour as soon as possible, so that the responses implemented by YRSDS are timely and appropriate in the circumstances.
