

PERMISSION for Head Lice Inspections

The school is aware that Head lice inspections can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatization.

Before any inspections are conducted staff will ensure that all students involved are treated with care and given appropriate advice about the process.

The inspection of students will be conducted by Health Management Staff

The person conducting the inspections will physically search through each student’s hair to see if any lice or eggs are present.

In cases where head lice are found, the person inspecting the student will inform the student’s class teacher and the principal.

The school will phone the parent or carer and also send a written notice home with the child providing parents with comprehensive advice about the use of safe treatment practices which do not place the child’s health at risk.

Please note that where a child has head lice, that child should not return to school until appropriate treatment has commenced.

You are requested to complete and return the consent form to school as soon as possible.

If you have any questions regarding this matter please call Barb Foord or myself Helen Johnston (Principal) at school.

CONSENT: – HEAD LICE INSPECTIONS

I hereby give my consent for the above named child to participate in the school’s head lice inspection program whilst a student is at Mt Evelyn Special Developmental School.
