

PHOTOGRAPHING, FILMING AND RECORDING STUDENTS POLICY

PURPOSE

To explain to parents/carers how Yarra Ranges Special Developmental School (YRSDS) will collect, use and disclose photographs, video and recordings of students, how family consent can be provided and how it can be withdrawn.

SCOPE

This policy applies to the general collection, use and disclosure of photographs, video and recordings (“images”) of students.

POLICY

This policy outlines the practices that YRSDS has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which the school will seek family consent and how consent can be provided and/or withdrawn.

As a general rule, use relates to images which are shared and distributed only within the school for school purposes (i.e. ID photos), whilst disclosure is used for images which are shared and distributed outside of the school staff and are available to other students, families and the wider school community.

YRSDS will ensure that families are notified upon enrolment and annually of the ways in which our school may use images of students. There are many occasions during the school year where staff photograph, film or record students participating in school activities or events, for example, METV, classroom activities, sports events, concerts / family events, excursions, camps etc. We do this for many reasons: to celebrate student participation and achievement, showcase particular learning programs, document a student’s learning journey/camps/excursions/sports events, video self-modelling and to communicate with families in newsletters.

Relief staff, volunteers, students on placement and visitors are not to photograph or film students without first obtaining the Principal’s consent, which will only be given with parental consent in special circumstances.

Parents / carers may provide authority and consent for the photographing and filming of their child by signing and returning to school the PHOTOGRAPHING and FILMING YOUR CHILD-CONSENT FORM which is distributed annually.

YRSDS will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our school’s Child Safe Policy. If at any time a family or student has a concern about the use of any images they should contact the school.

In addition to the processes outlined below, families can contact the school principal at any time to withdraw their consent for any future collection, use or disclosure of images of their child. However:

- if the images have already been published and are in the public domain, it may not be possible for consent to be withdrawn.

- There may be occasions when the school will record whole of school or large group events [and make those recordings available to the school community through DVD sales etc.], such as our school concert and if your child participates, they may appear in these recordings which will be available to the whole school community.
- The school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

Official school photographs

Each year YRSDS will arrange for a professional photographer to take official school photographs of students. This will generally involve both class photos and individual photos being taken.

Official school photographs may be:

- purchased by families
- used for school identification cards
- stored on CASES21 for educational and administrative purposes.

YRSDS will notify families in advance of the official school photographs being taken to give them an opportunity to decide whether their child will be included in the official school photographs.

Families who choose to opt-out of having their child participate in official school photographs must contact the school before the date photos are scheduled to be taken to advise that their child will not participate. There is no obligation on any parent or carer to purchase any photographs taken.

Images for use and disclosure within the school community and ordinary school communications

From time to time YRSDS may photograph, film or record students to use within the school community, including:

- in the school's communication, learning and teaching tools (emails, or intranet) that can only be accessed by students, parents or school staff with a password
- for display in school classrooms, on noticeboards etc.
- in the school's newsletter
- to support student's health and wellbeing (e.g. photographs of pencil grip to assist in OT assessments)

An Annual Consent Form and Collection Notice will be distributed to families on enrolment and also at the beginning of each school year.

Images to be used or disclosed outside the school community

External use or disclosure by the school

Photographs, video or recordings of students may also be used in publications that are accessible to the public, including:

- on the school's website
- on meTV

The Annual Consent Form and Collection Notice also covers these types of uses and will be distributed to families on enrolment and also at the beginning of each school year. We will notify you individually if we are considering using any images of your child for specific advertising or promotional purposes.

Media

The media, or the Department of Education and Training's media team, may seek to photograph, film or record students for a news story or school event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications.

When our school receives such requests we will:

- provide families with information about the organisation involved and when/for what purposes the photography, filming or recording will occur
- seek prior, express family consent in writing.

Students will only be photographed, filmed or recorded by the media at school if express consent is provided for that specific media event. Neither the school nor the Department own or control any photographs, video or recordings of students taken by the media.

Other external collection, use or disclosure

If there is a situation which will involve the collection, use or disclosure of images of students by or to third parties which is not otherwise covered by this policy, YRSDS will:

- provide families with information about the event or activity, the organisation involved and when the photography, filming or recording will occur
- seek prior, express consent in writing.

[School performances, sporting events and other school approved activities](#)

YRSDS requests that families, students and invited guests who photograph, film or record school activities only do so for their own personal use and do not publish the images in any form, including on social media, without the prior consent of persons whose children also appear in the images.

Neither the school nor the Department own or control any images of students taken by parents/carers, students or their invited guests at school activities.

[Images to manage student behaviour or fulfil our school's legal obligations](#)

On occasion it may be necessary for school staff to photograph, film or record students when necessary to:

- fulfil legal obligations, including to:
 - take reasonable steps to reduce the risk of reasonably foreseeable harm to students staff and visitors (duty of care)
 - provide a safe and suitable workplace (occupational health and safety law)

YRSDS does not require or obtain consent from families or students to photograph, film or record students for these reasons. However, when YRSDS photographs, films or records a student for any of these

purposes, staff will only collect and use such images in a way that is reasonable and appropriate in the circumstances.

Staff use of personal devices

School staff may use their own personal devices to capture images of students for reasonable and legitimate educational purposes. If this occurs, staff are expected to upload the images to the school database and delete the images from their device within a week of the images being captured.
